with the ruling politburo in North Vietnam on virtually every word it says or intends to say in Paris.

The process involves regular meetings of the politburo each week to consider strategy and to assay the effects of each meeting upon world opinion.

The Americans say, however, that Hanoi is reading world and American opinion from its own vacuum, and is reading it the wrong way. The U.S. delegation members appear convinced that there has been a steady change in favor of the American side since President Johnson made his March 31 speech renouncing renomination for the presidency, limiting the bombing of North Vietnam to the parallel below the 20th parallel and opening the way for the Paris talks.

The talks, however, settled down into a propaganda war. The North Vietnamese delegation not only has rejected the efforts of the chief U.S. negotiator, W. Averell Harriman, the change this, but has re-emphasized the propaganda aspects of the Paris conference.

A week ago, Harriman asked Xuan Thuy, chief of the Hanoi delegation, once again to abandon the practice of giving out prepared statements, full of accusations and vitriol, after each session, and to get down to less public negotiating. Thuy said he would take the proposal under advisement, and for the moment the Americans thought they might have made some progress.

If the proposal was taken under advisement, it went back during the week-long recess to the Hanoi politburo. The answer was more than plain as the delegation emerged from their ninth session Wednesday. Not only did the Hanoi delegation release yet another statement, but it did so even before the session ended, a new departure.

## Alcoholic Is Real Menace on Highways

By RALPH OUGHTON  
AP Science Writer

SAN FRANCISCO (AP) — Not the social drinker but the chronic alcoholic is the real menace on the highway, says a physician who has made a three-year study of fatal accidents.

Dr. Melvin Selzer told a news conference at the American Medical Association convention today, "the unrecognized danger is the driver who drinks to excess and who usually has emotional or mental problems — the alcoholic."

"Of course, the risk of accident rises the more drinks you have, but the emphasis on social drinking is obscuring a much greater peril, the addict to alcohol who may have an ordinary traffic record right up to his first — and last — major accident."

Dr. Selzer, a psychiatrist at the University of Michigan's Highway Research Institute, studied the personal history of 96 drivers responsible for fatal accidents and found 36 to be known alcoholics.

"The presence of a large number of alcohol-addicted drivers in this group suggests why the problem of the 'drinking driver' has not been resolved," he said.

Dr. Selzer said alcoholics tend to have overwhelming emotional and personal problems and that this may be as important as intoxication in causing accidents.

He spoke at a program on automotive injuries at which Dr. Seymour Charles of the Physicians for Automotive Safety, Newark, N.J., charged that cars have become "the major instruments of violence and aggression in our violent society."

"Even the names of the automobiles designed to appeal to the young are symbolic," he said. "They are named after predators — animals of attack and aggression."

## Showers Are Forecast for Arkansas

By THE ASSOCIATED PRESS  
Continued thundershower activity is predicted for South Arkansas again today and Friday. The showers are not expected to be as numerous as Wednesday but they should range a little farther north.

Numerous heavy thundershowers were reported over southern portions of the state Wednesday afternoon and evening and Pine Bluff and Nashville reported hail about the size of marbles.

It warmed up in Northwest Arkansas Wednesday. Fayetteville reported above 90 degrees for one of the few times so far this year. The showers and cloudiness kept temperatures down in the south.

tion affecting rifles and shotguns shortly before Sen. Robert F. Kennedy was killed early this month.

Since then, Johnson has renewed his request for long-gun controls, and with mail calling for tighter restrictions deluging Capitol Hill, favorable votes in both committees were expected.

Bills that go even farther and call for federal registration of all firearms have been introduced in both houses and are picking up support daily.

In signing the controversial crime bill on the last day before it would have become law without his acting, Johnson called its gun control provision "only a half-way step."

Controversy swirled around the bill practically to the last minutes, with gun controls only a part of the cause.

The bill also contains the first congressional authorization for limited wiretapping and electronic eavesdropping and has a section intended to overturn Supreme Court decisions governing the admission of confessions and eyewitness identifications in police lineups.

Besides banning mail order sales of handguns, the newly enacted law forbids the sale of a pistol or revolver to anyone not a resident of the state in which the sale is made, or to anyone under 21.

A Senate Judiciary subcommittee voted 9-0 Tuesday to approve the new measure.

## Survey Shows 79 Deaths From Guns

By THE ASSOCIATED PRESS  
Guns have taken the lives of 79 persons in the United States since midnight Sunday, an Associated Press survey showed today.

Of those, 41 were homicides, 28 were suicides and 10 were accidental deaths.

Three children were killed with firearms Wednesday, two by other children and one by a former mental patient.

The Florida Highway Patrol said Joseph McCants, 29, killed 3-year-old Francis Lee Fortune after holding her and two other children hostage. Earlier, officers said, he had shot and gravely wounded a Graceville policeman. McCants had been in a state mental hospital several times, police said.

Seven-year-old Wayne Royce of Wake, Virginia, was accidentally shot to death by his 10-year-old brother, Philip, who police said apparently was playing cowboy with a loaded gun.

Paul Alvin Withers, 7, was shot and killed in a rural section of Franklin County, Virginia. Sheriff's police said a 14-year-old relative, Johnny Ray Withers, was playing in the basement of his home with a rifle he thought was unloaded. He fired through the window, hitting the younger boy in the head.

Demands for gun control legislation have been increased by three assassinations, the most recent being that of Sen. Robert F. Kennedy.

Coroner Andrew J. Toman of Cook County (Chicago) said Wednesday that more persons died from gun wounds in the county during 1967 than died in automobile accidents.

The FBI reported that approximately 6,500 persons were murdered with firearms in 1966—an average of 125 gun homicides a week. Total homicides for 1966, the FBI said, was 10,920 persons.

This included stabbings and stranglings. The FBI said 60 per cent of the homicides in America result from firearms.

The Associated Press is making a week's survey of gunshot deaths. The count began at midnight Sunday and will continue through Sunday, June 23.

ferent—and end to poverty—and the difference was heard in the tone of the speeches, many bitter and accusatory.

The massed thousands again shouted their approval to a plea by Mrs. Martin Luther King Jr., widow of the man who conceived Wednesday's march, to end the Vietnam fighting, "the most brutal and evil war in history," and pour its costs into a total war against poverty.

The demonstrators carried hundreds upon hundreds of signs: "UAW Supports Bold Action to Abolish Poverty in this Land of Plenty," "A Decent Job at Decent Pay," "Full Employment and Guaranteed Annual Income . . ." "We march with John, Bobby and Martin for a Dream."

The weather was warm and dry as the thousands of marchers who had begun gathering on the broad lawns of the Washington Monument as early as 8 a.m. began the half-mile trek past the Reflecting Pool, and alongside the weatherbeaten shanties of Resurrection City.

Spirits were high, and young and old were in a holiday mood as they carried banners, babies and picnic baskets to pack the hot, sunny plaza directly in front of the impressive white monument.

"The mood of the crowd is different," said Dolores Williams of New York, who was at the 1963 march. "It's lighter, less serious."

In fact, people began to drift out of the hot sun toward fairly distant shade early in the long program, and by the time the main speakers came before the microphones, more than half the crowd was out of earshot, wandering along the banks of the nearby Potomac River, dabbling toes in the Reflecting Pool, or peering curiously over the snow fence that surrounds Resurrection City.

More than a dozen dignitaries and representatives of the poor paraded before the speaker's platform, but the crowd reserved its greatest applause for Mrs. King—who told them that Tuesday would have been her 15th wedding anniversary.

They cheered Sen. Eugene J. McCarthy, but booed Vice President Hubert H. Humphrey, McCarthy's rival for the Democratic presidential nomination, when they were introduced from the platform.

Mrs. King drew cheers with a plea to American women to join in urging President Johnson to

## WR's Opponent Says Voters Are Interested

LITTLE ROCK (AP) — S.C. "Sid" Roberts, Gov. Winthrop Rockefeller's opponent in the Republican primary, says many county political leaders throughout the state have expressed much interest in his campaign.

"I've found lots of complaints in the state," Roberts said. "I didn't know there were so many independent voters. I am running as an independent Republican, as I said sometime back. It looks good."

Roberts said he would not open his campaign headquarters until about the first of next month because of a lack of money.

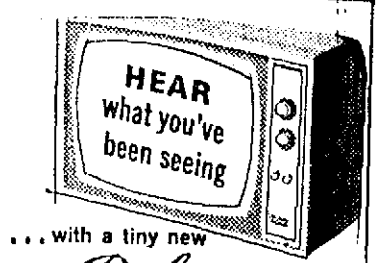

"We don't have the money to push this thing 60 days, but we're getting pledges," he said. "I've gotten invitations (to speak) all the way from Texas to West Memphis."

Roberts also said, in a prepared statement, that a charge by state Revenue Commissioner B. Bryan Larey was a "gross untruth."

Roberts said Larey had accused him of criticizing the hiring of veterans. Roberts implied in March that the revenue department was being packed with retired military officers.

"stop the bombing of Vietnam now, in order that a settlement of the war can be negotiated."

"One hour of war," she said, "could buy your community a new school, hospital, or social center . . . We, the women, must lead the way in adopting nonviolence as a way of life."

Those attending were the 8 bridesmaids, 1 junior bridesmaid, the mothers of the wedding couple, the bride-elect, and the hostesses.

In the Montrose Room of the Howard Johnson Restaurant, Mr. and Mrs. Claiborne Hawkins had a brunch for Mr. McLarty, his groomsmen and ushers, the fathers of the wedding couple, and out-of-town guests.

The individual round tables were centered with white daisies, yellow Fuji mums, and small hurricane lamps. Covers were laid for 75.

### HONORED WITH TEA

On Tuesday, June 11 Mrs. Earl Jones, Jr. of Texarkana, who was the vocal soloist at the Cochran-McLarty wedding a few days later, June 14, entertained with a tea in her home for Miss Donna Kay Cochran. The honoree wore a white organza trimmed in black, and rose corsages were presented to her, her mother, Mrs. Birgit Cochran of Hot Springs, and the mother and grandmother of her fiancé, Mrs. Frank McLarty and Mrs. Tom McLarty, both of Hope.

The modern Jones home held unusual and colorful decorations using orange as the focal point of color. Dainty refreshments were served to 150 during the calling hours of 1 to 5 p.m. These included some 25 guests from Hope. The guest of honor was presented a gift of silver. That evening a rice bag party was given in the Rosco Powers home in Texarkana with bridesmaids, Miss Marilyn Powers and Miss Bonnie Jamison, as hostesses. For this party the honoree wore white trimmed in red.

After the guests had made pink rice bags filled with rice of the same color, they were served sandwiches, nuts, and pink punch and petits fours from a table decorated with pink candles and pink carnations.

DINNER HELD AT TEXARKANA COUNTRY CLUB Mr. and Mrs. Frank McLarty were hosts for a dinner following the rehearsal of the Cochran-McLarty wedding. The Texarkana Country Club was the scene of the dinner on Thursday, June 13, and places were laid for 85, including the bridal party, members of the house party for the reception, families of the wedding couple, and out-of-town friends.

In the ball room of the club the U-shaped table was decorated with silver epergnes holding pink rosebuds and candles. There was a champagne fountain, and music throughout the dinner was by Anna Laura Weisner. The bride-elect wore pale pink peau de sole with a white orchid. Gifts to members of the wedding party were presented by the engaged couple.

### PARENTS, READ THIS!

Dear Helen: Many people feel a passing sympathy for the teen or small child who writes to an advice column saying her parents fight all the time and she's worried.

I was one of them. I still remember how proud I was of my parents, and I never much worried about the kids who had miserable family lives, except to be glad it wasn't me.

I was the girl with "nice parents" — until recently. Our house used to be full of fun. Then the bubble broke. My parents started fighting and seeming to hate each other.

My life has been miserable ever since. Sometimes it gets so bad I can't stand hearing them. So I lay on the bed, close my ears and cry.

It's too late to do anything about my family, but I'm only sorry I didn't care more when I read those letters. I hope everyone who reads this thinks how it would be in a house where two people hate each other. They can't help ME, but maybe if they think of it long enough, it won't happen to THEM. — SORRY LATER

Dear Sorry: I hope your parents read your letter — and feel more than a "passing sympathy" for the daughter they're hurting far worse than they hurt each other! Perhaps it might jar them into realizing that if things were good once, they can be good again. A qualified counselor could probably show them the way. — H

Dear Helen: I'm wild about this boy, and he says he loves me, but he can't get this other girl out of his mind. He comes to see me almost every day. But on the off days, he goes to see her. He's tried forgetting her, but it doesn't work. He knew her before he knew me. I want him for myself alone. Shall I put my foot down, or kick him out? — UNLUCKY IN LOVE

Dear ULL: Neither, you're not married or engaged, remember? And half a guy is better than none. — H

Dear Helen: I thought of a "quicky" to tell a fresh boy if he wants to know your measurements: Say, "36-24-36-13 — The last is my ARM measurement around the MUSCLE!" — HELP-ER

## Baptist Are Urged to Be More Active

HOT SPRINGS, Ark. (AP) — Delegates to the American Baptist Association's convention were urged Wednesday to become more active in making disciples, baptizing disciples and teaching disciples.

The Rev. Sam Goin, a missionary to Hilo, Hawaii, pleaded for more involvement in the annual missionary sermon at the association's National Merger Assembly.

He said the people of the world see Christianity as "dull, cold and unreal" because they believe that Christianity does not understand the problems and means of the world.

Rev. Goin said the world does not understand and cannot appreciate the fact that "we are not at liberty to revise our divinely appointed program nor to reword the message in order to accommodate the changing intellectual climate."

He urged the association not to be misled by the "meaningless demands of the world."

The association named five new missionary committee members Wednesday including: The Rev. J. R. Alexander of Henderson, Tex.; Rev. S. A. Biggs of Mobile, Ala.; Rev. Paul Carroll of Battle Creek, Mich.; Rev. Cecil Shepherd of Tacoma, Wash.; and Rev. H. L. Smith of Dayton, Ohio.

**Killebrew, Chance Lead the Twins**

By ED SCHUYLER Jr.  
Associated Press Sports Writer  
A baseball equation: 1,000 plus 100 equals six. At least that was the formula used by the Minnesota Twins.

Harmon Killebrew singled home Minnesota's first run—the 1,000th hit of his big-league career—and Dean Chance pitched a three-hitter for his 100th major league victory as the Twins beat Washington 4-0 Wednesday night for their sixth straight triumph.

In other American League action, Oakland topped Baltimore 5-3, California nipped the New York Yankees 3-2, Boston outslugged Detroit 8-5 and Cleveland edged the Chicago White Sox 3-1.

In the National League Pittsburgh nipped Los Angeles 2-1, St. Louis blanked the Chicago Cubs 4-0, Atlanta turned back Cincinnati 3-1, San Francisco beat Philadelphia 5-1 and the New York Mets trounced Houston 8-2.

Killebrew's hit drove in Ted Uhlaender, who had doubled, in the fifth inning, and the run was all Chance needed in running his record to 6-8 with his second shutout and sixth complete game of the season.

The veteran right-hander struck out 10, walked none and allowed just two runners as far as second in sending the Senators to their eighth straight defeat.

Uhlaender homered and Jackie Hernandez singled in two more runs for the Twins in the seventh.

Pinch hitter Floyd Robinson gave Oakland its victory when he broke a 3-3 tie with a two-run double in the seventh. The hit came off relief pitcher Roger Nelson with two out and the bases loaded via walks to Rick Monday and Reggie Jackson sandwiched around Sal Bando's double.

All three Baltimore runs off Jim Hunter, who went the distance, were unearned.

California gained its victory on Steve Barber's wildness, a double and an error. With one out in the ninth, Barber issued his 10th walk to pinch hitter Woody Held. Pinch runner Tom Burgmeier then scored when Vic Davalillo doubled and right fielder Andy Kosco fumbled the ball.

Leo Rodriguez singled home two California runs in the third, Joe Pepitone homered in the fourth and Jake Gibbs in the seventh off winner Sammy Ellis to tie it for the Yankees.

Ken Harrelson's hitting overcame five Boston errors and led the Red Sox past Detroit. Harrelson singled home a run in the first and put Boston ahead 5-4 with a three-run homer, his 15th in the seventh. The Red Sox added three unearned runs in the eighth.

Willie Horton hit his 18th homer and Norm Cash also belted one for Detroit.

Luis Tiant registered his 10th victory against five losses for Cleveland by setting the White Sox down on three hits.

Russ Snyder and Tony Horton broke a 1-1 tie with RBI singles in the Cleveland seventh. Chicago had taken a 1-0 lead on pitcher Bob Priddy's homer in the fifth, and Cleveland tied it in the sixth on a walk, a wild pitch and Duke Sims' double.

**Balch Will Defend His State Title**

TEXARKANA, Ark. (AP) — Twenty-two-year-old Jim Balch of Little Rock won three-putted his way out of the Arkansas State Golf Association stroke play championship last year and defending champion Tommy Stobaugh of Pine Bluff head the list of participants in this year's event.

The 72-hole tournament gets underway today at the tree-lined Texarkana Country Club course.

More than 130 golfers have entered the tournament including a stout Little Rock contingent of Jerry Barnett, Sam Spikes, Cliff Shaw and Tom Roney.

The players will be lighted after Friday's second round. The third round will be Saturday and the fourth round Sunday.

**Marichal Gets 13th Win, 9th Straight**

By HAL BOCK  
Associated Press Sports Writer  
The strong young arms were at it again in the National League Wednesday night. A couple of strong old ones did pretty well, too.

Juan Marichal, who's pushing 30... years and maybe victories as well... won his 13th game and ninth straight, pitching San Francisco to a 5-1 victory over Philadelphia. Elderly Bob Veale, all of 32, hurled a six-hitter and Pittsburgh won its eighth straight, 2-1 over Los Angeles.

So much for the senior citizens.

Steve Carlton, 23, headed the kiddie corps' show with a one-hitter, hurling St. Louis to a 4-0 victory over Chicago. Jerry Koosman, 24, won his 11th game for the New York Mets, pitching a five-hitter to beat Houston 8-2. And Ron Reed, 25, fired a four-hitter for Atlanta's 3-1 victory over Cincinnati.

In the American League, Boston dropped Detroit 8-5, Minnesota shut out Washington 4-0, Cleveland topped Chicago 3-1, Oakland downed Baltimore 5-3 and California nipped New York 3-2.

Marichal, 13-2, leads the majors in victories, and has achieved his total with just over one-third of the season over. It's a timetable that could lead to 30—a plateau that hasn't been reached since Dizzy Dean did it in 1934.

The Giants' ace had help against Philadelphia from another elderly operative—Willie Mays. The Amazing One slashed consecutive triples in the seventh and eighth innings, scoring two runs and knocking in one, as the Giants snapped a 1-1 tie. The two triples tied Mays with Ty Cobb for fourth place on the alltime extra base hit list with 1,139.

Carlton, 8-2, allowed only a fourth inning single by Glenn Beckert and hurled his fourth shutout. He struck out nine and permitted just four base runners.

Orlando Cepeda provided all the offense Carlton needed, hammering a three-run homer in the bottom of the third inning against loser Rich Nye. It was Cepeda's eighth homer of the season.

Veale outpitched another of the strong young arms—Los Angeles' Bill Singer—as the Pirates beat LA with a Dodger-like attack.

Maury Wills singled in the sixth inning, moved to second on a sacrifice, reached third on a passed ball and came in on Willie Stargell's sacrifice fly, tying the game at 1-1. In the seventh, Gene Allee walked, stole second, took third on Singer's wild pickoff throw and scored on Jerry Gray's single.

Koosman, 11-2, tied a Met club record with his sixth consecutive victory and breezed past the Astros.

Cleon Jones sparked a four-run first inning rally with a triple and then homered in the fifth as the Mets accomplished the fastest knockout of a pitcher in their history by disposing of Don Wilson after the first three batters reached base in the first inning.

Reed, who won his first six decisions and then dropped three in a row, finally won No. 7 by beating the Reds.

The young right-hander had a two-hitter through eight innings before consecutive ninth inning doubles by Vada Pinson and Fred Whitfield cost him his shutout.

Felix Millan had four straight hits and Cleto Boyer tagged a home run for the Braves.

**Draft Choice to Play in All Star Games**

By JACK HAND  
Associated Press Sports Writer  
NEW YORK (AP) — The first five men picked in the pro football draft are among the 21 rookies who will play in both the Coaches' All-America game at Atlanta June 28 and the Tribune All-Star game against Green Bay at Chicago Aug. 2.

Ron Yary, the big tackle from Southern California who was the No. 1 special bonus pick by Minnesota, acquired in the Fran Tarkenton deal a year ago, heads the list.

Bob Johnson, Tennessee's All-American center who recently signed with the new Cincinnati Bengals was No. 2. Then came Claude Humphrey, the giant defensive end from Tennessee A&I, picked by Atlanta, and Russ Washington, offensive tackle from Missouri, taken by San Diego.

Fred Carr, Green Bay's first-round pick and No. 5 overall will be tried at tight end when he gets to the Packers but will be a linebacker in the two All-Star games.

Others who have been picked for both Atlanta and Chicago are Gary Beban of UCLA and Greg Landry of Massachusetts, both quarterbacks; Larry Csonka of Syracuse and Max Anderson of Arizona State, running backs; Fred Hyatt of Auburn, Dennis Homan of Alabama and Charles Sanders of Minnesota, ends.

John Williams of Minnesota, offensive tackle; John Garlington of LSU, Wayne Moylan of Nebraska and Adrian Young of Southern California, linebackers; Curley Culp of Arizona State, Kevin Hardy of Notre Dame, and Tim Rossovich, Southern California, defensive linemen; Jim "Zazoo" Smith of Oregon, defensive back, and Jerry DePoyster of Wyoming, kicker.

A compilation by Don Weiss, NFL Director of information, shows the home team won less than one-half the time in 1967. The final breakdown was 55 wins for the home team, 48 for the visitors and nine ties among 112 regular season games... Baltimore had the best home record, 6-0-1, and Los Angeles was the best on the road, 6-0-1.

**Travelers Lose Twice to Memphis**

MEMPHIS, Tenn. (AP) — Memphis' Blues extended their winning streak to seven games as they swept a doubleheader from the Arkansas Travelers Wednesday night.

Richard Dolkers blanked the Travs 3-0 on a one-hitter in the first game and Billy Hepler scattered five hits in a 1-0 triumph in the nightcap.

Both games were seven-inning affairs. The victories moved the Blues to within two games of Arkansas, the leader in the Texas League's Eastern Division.

Successive singles by Rod Gaspar, Jack Tracy and Stuart Cann followed a walk and netted the Blues two runs in the third inning of the first game. Roger Stevens scored in the fourth inning on a single by Curtis Brown.

The Blues scored their only run in the second game in the fifth inning on a triple by Brown and Stevens' sacrifice fly to deep right field.

Dallas - Fort Worth edged Shreveport 2-1 and Albuquerque defeated El Paso 7-3 in the only other league games scheduled.

**AAU Asks for Peace in Athletics**

By PAUL LE BAR  
DES MOINES, Iowa (AP) — The U.S. Track and Field Federation, quiet recently in its long feud with the AAU, has taken a new tack and asked for peace.

In a telegram sent Wednesday to Sen. Warren Magnuson, D-Wash., chairman of the Senate Commerce Committee, the USTFF's governing council asked that a committee conference be called to settle differences.

The council urged that the Commerce Committee call and preside over a joint meeting of a pre-determined number of AAU and USTFF delegates.

Authorized to appoint a delegation for the USTFF was Wayne Cooley of Des Moines, who was elected to succeed the Rev. Wilfred H. Crowley, S.J., of Los Altos, Calif., as council president.

"We want the freedom of domestic participation," Cooley said in reference to the AAU-USTFF feud.

He added that the conference with the Commerce Committee is being sought as an alternative to arbitration by the Senate.

A moratorium on the feud was called in early February in order to preserve the eligibility of athletes for this fall's Olympic Games in Mexico City. The AAU is the country's sanctioning power with the International Olympic Committee.

The telegram was drafted at conclusion of the opening day of a two-day council meeting in Des Moines.

**Jim Ryun's Record May Go into Books**

By RON RAPOPORT  
Associated Press Sports Writer  
SACRAMENTO, Calif. (AP) — Jim Ryun's world half-mile record, until now a casualty of the war over control of amateur track and field, may be on the last lap of its long trip toward official recognition.

A men's track and field committee of the Amateur Athletic Union, meeting Wednesday prior to the opening tonight of the AAU Track Championships, directed the Ryun's 1:44.9 clocking for his 880 of 1966 be submitted for official approval by the International Amateur Athletic Federation.

Ryun, who also holds the world mile and 1,500-meter records, ran his fastest half-mile June 10, 1966, at a meet in Terre Haute, Ind., sponsored by the U.S. Track and Field Federation, one of the bodies competing with the AAU for control of track.

That meet was not sanctioned by the AAU and although various AAU committees directed at the time that the mark submitted to the IAAF for world recognition, the application was not signed by AAU officials. The AAU did, however, recognize it as an American record.

"I still don't understand why it wasn't approved," said Yale Coach Bob Giegengack.

**Nicklaus Likes Rough Golf Courses**

TORONTO (AP) — Jack Nicklaus says St. George's Golf Club "is pretty" although in his opinion beautiful courses have no place on the professional golf tour.

"If I had my way, every golfer would have to walk single file down the fairway in shoulder-high rough," Nicklaus said Wednesday on the eve of the opening round of the 72-hole Canadian Open Golf Championship.

The Open runs through Sunday and carries total prize money of \$125,000 with a first-place purse of \$25,000.

Nicklaus was one of the last of the field of 150 to arrive here late Wednesday afternoon and tested the par 70, 6,792-yard layout.

He contended that most of the courses on the PGA circuit played the "same way every club member plays them."

"They're not tricked up at all. I personally like them tougher—the tougher the better—because then the best golfers have the best chance of winning."

The field also includes Arnold Palmer, Gary Player of South Africa, Tony Jacklin of England, three-time winner Sam Snead, and two-time winners Doug Ford and Jim Ferrier.

**Out of Way Reigns at Suffolk Downs**

BOSTON (AP) — Out of the Way reigned as the fourth 3-year-old winner of the Massachusetts Handicap today, but unheralded Big Rock Candy took the bows in the wake of the 34th running of the \$61,050 classic at Suffolk Downs.

Out of the Way, winner of the Jersey Derby and runnerup to Forward Pass in the Preakness, held on for a one-half length victory over Big Rock Candy Wednesday before a crowd of 19,020 at Suffolk Downs.

Out of the Way survived a stumbling start, picked up ground on the rail heading for the stretch and charged to the finish in 2:02 4-5 in the 1¼ mile test.

With John Rotz up, Out of the Way went off as a 2-1 co-favorite with Fort Marcy in the field of 11.

Big Rock Candy, an 18-1 outsider, just missed in a late bid, closing from fourth at the head of the stretch to edge Kings Palace for second in a photo. Fort Marcy was fourth, another three-quarters of a length back.

**Koosman and Mets Still Going Good**

NEW YORK (AP) — Smooth-throwing Jerry Koosman and the scrambling New York Mets have turned another corner in their separate but closely related fights up the National League ladder.

Koosman fired a five-hitter Wednesday night and passed the halfway mark in his quest for a 20-victory rookie season as the Mets pounded the Houston Astros 8-2.

The Mets, whose bid to reach the break-even mark for the first time this late in a season was frustrated in a doubleheader loss to the Astros Tuesday night, bounced back with a 10-hit attack that swept Koosman to his 11th victory in 13 decisions.

The victory left New York at 30-33, tied with Chicago and Cincinnati for seventh place and two games out of the first division.

"I'm throwing more off-speed pitches because I'm learning how," said Koosman, who has completed eight of his 14 starts and boasts a 1.52 ERA.

**Mauch Has No Kick About Dismissal**

By RALPH BERNSTEIN  
Associated Press Sports Writer  
PHILADELPHIA (AP) — Gene Mauch said he had no kicks about the way the Philadelphia Phillies handled his dismissal as manager.

The 42-year-old Mauch held a news conference Wednesday. He said there was no graceful way to fire a guy.

Mauch also refused to knock slugger Richie Allen, whose feud with the manager was one of the major factors in Mauch's firing Saturday by Phillies' owner Bob Carpenter and General Manager John Quinn.

"I'm not knocking Richie Allen," he said. "That son-of-a-gun gave me many a thrill."

As for the Phillies firing him while he was in California at the bedside of his ailing wife, Mauch said there was no other way to handle the situation.

"When two people know something there is no secret. Bob and John made up their minds to fire me. They had to get somebody and had to tell the guy."

"It made me almost ill to hear the organization rapped. It would have been 10 times worse if I heard it elsewhere."

Mauch said he hopes to remain in baseball. "Number one, of course, you have to be offered a job. But I don't intend to stay out of baseball unless baseball stays away from me."

"I want to be in uniform on a baseball field. It's the greatest way of life."

Mauch said, however, he hadn't talked with a soul about a job. "Until I got in the plane Monday to come back to Philadelphia I hadn't given one thought to my future. I was scared about my wife. But she is okay."

**Two Tied for Lead in the NCAA Meet**

By LEW FERGUSON  
Associated Press Sports Writer  
S.T. PAUL-MINNEAPOLIS (AP) — Harmon Killebrew and Dean Chance reached personal milestones and Frank Quilico reached cloud 9 in Minnesota's 4-0 victory over Washington Wednesday night for the Twins' sixth straight victory.

Killebrew drove in the 1,000th run of his career for the Twins' first run in the fifth inning, while Chance notched his 100th major league victory with a three-hit, 10-strikeout performance.

Quilico, Minnesota's forgotten man until Rod Carew went away for two weeks of Marine Reserve duty, collected three hits in four times at bat, making him 11-for-19 since he began playing regularly at second base in the stretch drive.

Killebrew, who professes to pay scant attention to goals and records, admitted that bagging his 1,000th RBI "means a little extra."

Harmon quoted chapter and verse on his first major league RBIs.

"I hit a double to drive in two runs of Alex Kallner of the Athletics in old Connie Mack stadium in Philadelphia in June 1954," Killebrew said.

"It was my third time at bat in the major leagues. I had pinch hit twice, and this was the first game I started."

Killebrew was 17 years old when he drove in those first runs.

"It seems like a long time since the first one," he said. "It makes me feel like an old man."

Chance was nonchalant about about his 100th victory, and he pitched it so routinely it lacked much drama.

Cricket, rugby and tennis are popular sports in the Cook Islands of the South Pacific.

**Harrelson Blasts Fans at Detroit**

By BILL HALLS  
Associated Press Sports Writer  
DETROIT (AP) — Boston's Ken Harrelson blasted Detroit baseball fans after being struck in the back Wednesday night by a heavy duty firecracker in the ninth inning.

Harrelson drove in four runs in the Red Sox' 8-5 victory over the American League leading Tigers.

Harrelson said the firecracker, one of five tossed into right field in the ninth inning, exploded in back of him.

"What if it landed in front of my face," said Harrelson. "I'm blind. A few fans like that give a city like Detroit a bad name all the time. Detroit is the only town in the league where this happens. You don't get that stuff in the rest of the league."

Harrelson said fans bombarded left fielder Joe Lahoud and centerfielder Reg Smith with beer cans and bottles in the late innings after Detroit had fallen behind 5-4 in the seventh on Harrelson's three-run homer.

With two out and two strikes on Don Wert in the Detroit ninth, the Detroit management announced the game would be forfeited unless fans stopped throwing things onto the field.

The public address announcer came after another firecracker exploded near Harrelson in right field. Wert struck out to end the game.

Harrelson tossed his glove down and began to walk off the field but was urged to return to his position by umpire Al Salerno.

"If there hadn't been two strikes on Wert I'd have walked off the field," said Harrelson. "This is ridiculous. There were six guys screaming and cursing in right field... with women and children standing there... and not a cop around."

Mickey Lolich, one of the Detroit pitchers, said the fireworks were of the M 80 variety, cylindrical and about the size of a man's thumb.

"That kind has stuff like TNT in them," said Lolich, who is in the National Guard. "A guy doesn't need basic training. Just play the outfield in Detroit."

Jim Campbell, Detroit general manager, admitted the tossing of bottles, firecrackers and beer cans was worse in Detroit than other American League cities.

"But you can't frisk 30,000 people," said Campbell. "Part of it is that fans are closer to the playing field in Detroit than other parks."

Campbell said plainclothes police and ushers help patrol the stands to help take care of rowdy fans.

## Reaction of Realtors Is Studied Calm

By THE ASSOCIATED PRESS  
Most real estate men and local officials polled on the potential effects of the U.S. Supreme Court's ruling this week barring racial discrimination in all housing are approaching the question with studied calm.

Many expressed confusion over how the decision will be implemented and how it will affect local and state laws on open housing.

Typical of reaction from realtors was the comment of Frank R. Hart, president of Walker and Lee, a residential brokerage firm in Orange County, Calif.

"In actual practice it will have very little effect," he said. "We sell minority people at this moment... whether a seller can be forced to sign a deed even against his own wishes is getting close to another issue of basic constitutional rights."

And C. D. Lebey, a director of the Atlanta Real Estate Board, summed up the feeling of many, saying the decision "is just one more factor that in many instances will cause confusion, concern and perhaps misunderstanding on the part of many home sellers and home buyers. I don't think anyone can really say to what extent real estate will be affected."

Gene Cosner, executive vice president of the National Association of Real Estate Boards, said the Supreme court decision, holding that an 1866 law bans discrimination in all housing, "makes any further open occupancy legislation unnecessary."

Robert Karpe, president of the California Real Estate Association, said he did not believe the ruling "will have any effect on association members in the day-to-day operation of their businesses."

"We have had for many years in our association code of ethics a stipulation that we will offer property equally to any person without regard to race, creed or color. In this regard, I think we have gone further than the Supreme Court, since its ruling only covers racial discrimination..."

Jack Kleeman, executive vice president of the Chicago Real Estate Board, said he felt it was "too difficult to make a judgment" at this time.

Saying that local laws have done little "except to cause a little more talk," Clifford Robedaux, past president of the Milwaukee Board of Realtors noted:

"This probably puts us back to where we were before the agitation started. We had been making good progress, and there had been sales to Negroes. But all this agitation and violence caused a hardening of attitudes. Maybe people can relax now."

Segregationist Sen. Strom Thur-

mond, R-S.C., said it was time for Congress "to curb the Supreme Court."

Said Senate minority leader Everett Dirksen: "The Court has uttered the last word."

### COMING AND GOING

Miss Girlee Stroughter left the city Monday night via bus to Dallas, Texas where she boarded American Lines to her home in San Francisco, California after spending her vacation in Wichita, Kansas with her sister Mrs. Pearl Neal and her brothers, Arthur Stroughter, Jr. and Al-

## Thinks Use of Poll Is Violation

NEWPORT, Ark. (AP) — Frank Miller of Newport, an unsuccessful candidate for state president of the Young Democrats, says that the use of a poll supporting Frank Whitbeck for governor violates the organization's constitution.

The poll, which was conducted through the Young Democrats' publication, the Democratic Report, showed Whitbeck was the winner.

Miller said Wednesday that the organization's constitution prohibits the group from supporting the candidacy of one person until he is nominated by the party and from using its influence for the cause of any candidate.

He also said that the poll was rigged. He said he never received a ballot although he was a member of the Young Democrats Executive Committee. He said an unidentified Young Democrats leader told him the ballots were sent to a few "choice people."

hus Stroughter, and in Hope with her aunt, Mrs. Fannie Alexander and her father Arthur Stroughter, Sr.

Mr. and Mrs. John Homer Stroughter and Mr. Arthur Stroughter, Sr., have also returned to their homes in San Francisco, California and Wichita, Kansas after visiting their sister, Mrs. Alexander and Mrs. Stroughter's father Mr. Ned Forbes, her sister, Mrs. Mildred Wyatt and other relatives.

**Grilled Chicken . . . Sure-Fire Fun**

There's fun in the sun all summer long with barbecued chicken. For the great summer holiday feast or for a "just-family" backyard supper, chicken is always welcome. For your next barbecue, the National Broiler Council suggests you try the following method for the Tastiest Barbecued Chicken. Sprinkle the chickens with Ac'cent to wake up all the sweet, delicate taste and make the chickens seem juicier, too. Ac'cent adds no flavor of its own, brings out all the taste of the chicken. Serve with potato salad, refreshing glasses of iced tea, brownies with ice cream for dessert . . . and there you have the makings of a memorable cookout.

**Tastiest Barbecued Chicken**

3 broiler-fryer chickens, halved  
3 teaspoons Ac'cent  
Salt and pepper  
1/4 cup butter

1/4 cup catchup  
1/4 cup lemon juice  
2 tablespoons soy sauce  
1/2 teaspoon Tabasco

Sprinkle each chicken with 1 teaspoon Ac'cent, salt and pepper. Melt butter in saucepan; stir in remaining ingredients. Bring to a boil. Place chicken, skin side up, on grate; brush with sauce. Cook until tender, turning and brushing occasionally. Allow 45 minutes to 1 1/2 hours total cooking time, depending on weight of chicken and distance from heat. To test for doneness, leg should twist easily out of thigh joint and pieces should be fork tender. YIELD: 6 servings.

**DOCTOR'S MAILBAG**

**Search for Cause Of Severe Headaches**

By WAYNE G. BRANDSTADT, M.D.

Q—I have stabbing pains in my left temple. Is there such a thing as arthritis in the head or could the pain be from sinus trouble?

A—Arthritis is an inflammation of the movable joints. Although there are several joints in your cranium, they are not the movable type. Chronic low-grade infection in the sinuses is a cause of headache, especially if the sinuses are blocked and can't drain freely. There are, however, many causes of headache. If yours are severe and recur frequently, your doctor should make a thorough search for the cause.

Q—About a week before each menstrual period I get a headache. I have tried pain killers, hormones and nerve pills but nothing helps. What would you suggest?

A—Your headaches are a part of premenstrual tension. A combination of sedatives and diuretics (water pills) should relieve them.

Q—I get a feeling of pressure or a tight band around my head. The doctors all tell me this is caused by nervous tension. Do you know of anything that will help me?

A—Anxiety and emotional stress causes an increased blood flow in your brain and painful pressure on your brain's lining membrane (the meninges). In some persons with tension headaches, the correction of faulty posture brings relief. In all, however, a careful examination of the victim's way of life by a sympathetic physician, coupled with a short course of a tranquilizer, is beneficial. Some patients have been helped by electrical stimulation of the muscles of the head and neck.

Q—I had a concussion five years ago and have had headaches ever since. Is there any cure for this?

A—Many persons have persistent headaches after a concussion. Recent studies indicate that these are not caused by the injury but are a form of tension headache.

Q—What is Horton's headache? What can be done to relieve it?

A—This is a histamine headache. It is characterized by a severe throbbing with each heart beat. It often awakens the victim during the night. The attacks, which may occur every night, are limited, lasting 15 to 45 minutes. Cafergot tablets or the inhalation of oxygen will give relief but no reliable preventive measures are known.

There are lots of differences between duplicate and rubber bridge. We have discussed the greater value of

extra tricks in duplicate on many occasions. We have also pointed out that the duplicate player's knowledge of how to get extra tricks becomes really important in rubber bridge when his extra trick means that he has made his contract instead of going down.

At both games, the toughest bidding problems occur when both sides are in action and you have to decide between bidding on, passing or doubling your opponents. A good decision in these situations will be most profitable, a bad decision most expensive. Take today's hand as an example. Playing with reasonable care West can make nine tricks with spades as trump; he will lose two clubs, one spade and one diamond. Playing with equal care South can make 10 tricks at hearts. He will lose one spade, one heart and one diamond.

Now look at the bidding. North's opening no-trump is sound indeed. South's two-heart response is a typical weakness response. That is, it is typical except that South's 6-4-2-1 distribution means that four hearts may well be there for the bidding. Still, he only holds one king and two jacks and his two-heart response is correct.

West is certainly entitled to back in with two spades and North, with a sound no-trump, good hearts and three aces, is justified in trying three hearts as a competitive measure.

East's three-spade call is based on a desire to get his opponents to four hearts and South obliges.

West's four-spade call is a deliberate sacrifice bid. He expects that South will make four hearts. North's five-heart call is ill-advised. He doesn't expect that his partner can make four hearts and he really should expect to beat four spades. As pointed out earlier he would have done so, and a double would get him plus 200. Instead, his five-heart bid was doubled by East for a minus 200, a waste of 400 points.

**Actors Strike in New York Is Settled**

By TOM KELLY  
Associated Press Writer  
NEW YORK (AP) — Mayor John V. Lindsay announced today a settlement of the three-day strike by Actors Equity that darkened 19 Broadway theaters and nine road company shows.

After meeting through the night at Gracie Mansion with negotiators for the union and the League of New York Theaters, Lindsay said at 6 a.m.: "Performances in the Broadway theaters will be resumed tonight."

Lindsay, appearing drawn after the long night's ordeal, said the contract will run for three years and calls for wage rates of \$145 a week the first year, \$150 the second and \$155 the last year.

Appearing with Lindsay at the news conference were Angus Duncan, executive director of the union, and producer David Merrick, spokesman for the theater group.

Duncan said the contract had been approved by the Equity Council and would be explained to the membership this afternoon but said no ratification vote was needed to open the theaters tonight.

Merrick said it was "very likely there would be a rise in theater prices," but said he did not know how much of an increase would be needed.

Lindsay, who summoned both sides to meet him after the union urged him to intervene, said "satisfactory agreement was reached concerning the use of alien actors"—another major issue in the strike.

**NLR Hires a Negro Officer**

NORTH LITTLE ROCK (AP) — Jesse Dean Lairy, 24, the first Negro patrolman ever to be hired by the North Little Rock Police Department, is to report for duty Saturday.

The union had been seeking a two-and-a-half year pact with a minimum weekly wage of \$200 as well as guarantees against hiring foreign actors to displace Equity members from roles.

The league had offered a \$165 minimum for a four-year contract but had refused to offer concessions on the alien actor issue. Duncan said the new pact offered protection on the alien actor issue and provided for a third-party mediator to handle hiring disputes.

Three Broadway shows—"I Do! I Do!" "How Now, Dow Jones" and "Joe Egg" closed permanently during the strike which affected 800 performers and more than 4,000 stagehands, musicians, electricians and other non-acting personnel.

# Women Give Up Newspaper at Malvern

By TOMMY YATES  
Associated Press Writer  
MALVERN, Ark. (AP) — In the world of journalism, generally regarded as a man's world, the Malvern Daily Record had been a woman's stronghold for 20 years until it was sold recently.

The paper was founded in 1916 by the late Mr. and Mrs. J. H. Beerstecher. After her husband's death in 1948, Mrs. Beerstecher (bes-ter-stay) along with her daughters assumed the responsibility of operating and editing the paper and proved beyond doubt that women did belong in the world of ink and type.

Miss Frances Beerstecher and Mrs. Alvin Butler became co-owners of the paper upon the death of their mother in 1967. Until then, the Daily Record was one of the few daily newspapers owned by an individual. The paper was sold last week to W. R. "Bill"

"Whitehead Sr. of Fordyce and Ray Kimball of De Queen. "This was something that had been cooking for about six months," Miss Beerstecher said. "It had been in the back of our minds ever since my father died, and they (Whitehead and Kimball) told us then that if and when the Daily Record is available (for sale) they would like to be considered."

She said the newspaper was never placed on the market. She said Whitehead and Kimball were chosen because "we consider them among the top newspaper people in Arkansas."

The Daily Record grew from a four-page, five-column production in 1916 to one that is published six days a week in eight columns with an average of seven pages.

Miss Beerstecher said she didn't think she would miss going to the paper every day. "I've looked forward to retiring for four or five years," she said. "When you get on the other side of that hill, you better start thinking."

Miss Beerstecher said she planned to continue doing com-

munity work on an individual basis and enjoy her eight-room home which she just remodeled. She is a member of the Chamber of Commerce Board of Directors and is the only woman to be elected to the board.

Mrs. Butler, who has been business manager since 1948, will retire July 1. She has no immediate plans. Mrs. Dewey Logan, who has been with the paper for 24 years, will remain as associate editor.

The Daily Record has won many honors, including a third place national recognition for its editorials which Miss Beerstecher wrote.

In the past 20 years, the Daily Record's circulation has doubled to where it has one of the largest circulations in the state in relation to size.

"We tried to push a belief in the community and tried to see that the paper grew as the community grew," she said. This was one of the reasons the decision was made to sell the paper.

"The plant and town are growing and it (newspaper plant) needed expanding, and we just didn't want to assume

what it would require to expand," she said.

She said, however, "I think they'll still let me come in and smell ink once in a while."

## State Forest Group Will Cut Expenses

LITTLE ROCK (AP) — The state Forestry Commission instructed Commission Director Virgil Cothren Wednesday not to make any personnel reductions for the last six months of the year without commission approval.

The commission issued the order after it had been asked by Cothren to consider an across-the-board reduction in all expenses and reduction of its personnel.

Cothren said he made the recommendations in light of the department's decreasing income. He said the major source of commission funds, timber severance tax revenues, had been reduced almost \$70,000 during the past year.

The commission told Cothren to attempt to refrain from filling vacancies that might occur. The commissioners indicated that they felt revenues might be on the upswing.

The commission said it would have to cut salaries and personnel if the 1969 regular session of the legislature did not move to remedy the situation. The commission's alternative solution was met with cautious optimism by Cothren.

## Lawyer for Sirham Is a Court Tiger

By GENE HANDSAKER  
Associated Press Writer  
LOS ANGELES (AP) — A wispy, silver-haired lawyer who looks like a small-town banker but turns into a tiger in the courtroom will defend, Sirhan Sirhan, the accused assassin of Sen. Robert F. Kennedy.

Russell E. Parsons' own description of his 40-year career is perhaps a clue to his taking what undoubtedly will be his most famous case: "I've been fighting for the underdog all my life. I'm just a hard-working journeyman lawyer."

After an American Civil Liberties Union attorney announced Sirhan's selection, newsmen ascended to Parsons' fourth-floor Civic Center office and found: — A 69-year-old legal veteran who has tried about 5,000 cases and on appeal won California's celebrated "Cahan decision" barring illegally acquired evidence.

— A wiry, 5-foot-7, 137-pound man, hawk-faced, with thinning hair combed straight back... piercing blue eyes behind thin-rimmed spectacles... snappy answers in a shallow voice.

"He seems quiet," said an associate, "but in court he roars."

Said others: "He's an orator of the old school... in the tradition of Clarence Darrow..."

"When he argues to a jury, chills go up and down your spine."

On the street, they said, he unfailingly contributes to pan-

handlers and blind peddlers. Twice a grandfather, he walks two or three miles a night, goes deer hunting annually in Utah and escapes on weekends with his wife Victoria to their home in Palm Springs.

Parsons was born near downtown Los Angeles where his contractor father helped build the 3rd Street tunnel after helping build the Palace Hotel in San Francisco, the U.S. Grant Hotel in San Diego and Hotel Utah opposite the Mormon Tabernacle in Salt Lake City.

"I'm a Jack Mormon, which means not a very good one," said Parsons. "I don't smoke, I don't swear much and I drink not at all—I used to but not much."

He looks upon the Sirhan case as "a big assignment, a tremendous responsibility. Any criminal case is."

# Do you have an extra mouth to feed?

Many do...and many forget this extra mouth in planning food budgets.

We at A&P haven't forgotten. That's why for thousands upon thousands of pet owners, A&P is headquarters for all their needs. You'll find at your A&P an unbelievable choice of pet foods, brands like Purina, Ken-L-Ration, Gaines, Puss 'N' Boots, and Little Friskies, just to name a few.

If you've forgotten this extra mouth in planning your food budget, here's a tip. Try our A&P, Medallion, or Daily Dog Foods... quality products, high in nutrition and available in many forms.

If you're a cat-lover, you should know our Daily Cat Food has made many a pussy purr.

If the cat you love is a lion, try our Super-Right Meat Department. He would...if he had money.

For variety, quality and economy, shouldn't A&P be your pet store?

### Aldrich Style of Dress Is Offered

By JEAN SPRAIN WILSON  
AP Fashion Editor

NEW YORK (AP) — With their men in ebrus and with gurus pondering over their medallions women have had to come to the Indian thing too.

Larry Aldrich and his designer Marie McCarthy are offering a princely bit of mysticism opulent enough to awe a rajah and expensive enough to make him an ex-rajah.

"These are very wearable, if you can afford them," Aldrich said at the opening of New York Couture Groups' weeklong preview of fall collections.

The Aldrich style Nehru fits into everybody's theme song for restful simplicity. The princess lines of rajah coats and Nehru or guru tunics live with the currently revived idea of showing the body the way it is and not as some designer would have it.

In sheer dark stockings and brown pumps, the models appeared in quiet-hued daytime dresses with Asian banded col-

### LBj's Tax Has Margin to Be Passed

By EDMOND LEBRETON  
WASHINGTON (AP) — President Johnson's 10 per cent income tax surcharge appears to have a safe but not overwhelming margin for passage as it comes before the House for a vote after a year of controversy and delay.

The senate, anticipating House approval today, has scheduled its own vote Friday.

If the anticipated vote is followed, everyone in the country who now has federal income tax deducted from his paycheck will find the tax bite 10 per cent bigger in about three weeks.

That means a worker now having \$50 per week withheld for income tax would have \$55 withheld until next June and possibly longer.

Tied to the increase in taxes is a mandatory \$6-billion cut in government spending in the fiscal year beginning July 1.

Johnson fought the spending cut as excessive. But he finally agreed to the measure because of what he called the overriding need for more revenues to shrink a deficit estimated at \$24 billion to \$31 billion check inflation and bolster the dollar internationally.

The Senate already has voted for a similar package, but must consider the final version.

For individuals, the effective tax increase this year would be 7.5 per cent of their total tax bill, because for them the surtax is retroactive to April 1. For corporations, it covers the full year 1968.

As the bill is written, the surtax would expire June 30, 1969, but its principal architect, Rep. Wilbur D. Mills, D-Ark., chairman of the House Ways and Means Committee, has already raised the possibility of an extension if the nation cannot put its financial house in order by then.

Besides the income tax surcharge, the bill continues the excise tax on automobiles at 7 per cent and on telephone service at 10 per cent. Under the old law, they dropped to 2 per cent and 1 per cent respectively. The bill also provides a speedup of corporation tax collections.

The combined effect of the changes is estimated at a \$15.2 billion revenue increase for the next fiscal year.

Appropriations also are to be cut \$10 billion under the budget estimates for the year and actual spending reduced \$6 billion. Appropriations and spending do not match in any single year because of the stretchout of spending programs. If Congress does not make the full cuts—and apparently it won't—the president must hold back expenditures to come up to the figures spelled out in the tax-economy bill.

State Convention  
'No Go' Geese

This will be our last column until July 5, your editor leaving town Friday morning for the annual Summer convention of the Arkansas Press Association at Arlington Hotel in Hot Springs Friday and Saturday—quitting the convention Saturday noon for a drive to Sarasota, Fla.

Six of us from The Star organization will attend the convention, the most important meeting of the year for Arkansas newspaper people. Arkansas Press Association represents 30 daily and 130 weekly papers, plus non-general publications for religious, labor, and other fields. And of course the major equipment-makers and suppliers will be attending with representatives and exhibits.

All business and professional people aim to support their trade organizations, and The Star did so until it began its conversion to an offset printing plant in 1965. That was an interruption that nailed us down in our home town for two and a half years. But I told the state press people we would make up for it as soon as the job was completed.

We sent a delegation of six to the 1967 Hot Springs convention, and are doing as well this year.

Regarding my excursion from Hot Springs to Florida—that's a sequel to one that Tom Purvis and I made in August 1966. We trailed our boat to Sarasota, stopping off en route for a 90-mile run on the Suwannee River. Tom returned by air. But when it came time for me to drive home I was struck by a foolhardy idea—why not leave the boat in Florida, then fly down and do some fishing the following Christmas? I left the boat, all right, but Christmas 1966—and Christmas 1967—came and went and I was stuck up here boatless for a year and a half.

This is vacation time for the staff, but I saw this 10-day opening—I have to be back here July 5 to relieve Managing Editor Paul H. Jones—and so I took it.

I'll visit my two sisters in Sarasota, recover the boat, and head home. The telephone this morning developed one good break. A nephew, Capt. Murray W. Gibson of the Green Berets, is home from Vietnam—so I may have a companion for at least one water excursion while I'm in Florida. Older Floridians have a great affinity for remaining on dry land, much to the discouragement of visiting adventurers. But young Gibson is an old crewman. He sailed the Narrows with me one windy March some years ago.

I made a deal with Gene Allen of The Star's staff to feed the poultry and the dogs while I'm gone, and the mynah bird Ali Baba will entertain the girls at the office with some impromptu conversation.

But there's one problem with the poultry Gene won't have to worry about. My mated pair of Canada geese have been trying to bring off a hatch, the gander patrolling the south half of 'the back 40' in a warlike crouch while the hen covers her nest under a summer sun. I see reproach in her eyes, imagining she blames me for clipping her wings and preventing her from spending the summer in air-conditioned Canada.

But the 28-day hatching period has passed, and reproach is giving way to discouragement. The angry gander has taken to cooling off in the pool, and I think the hen is about to abandon her nest.

## Harassment Suit Filed Against Police

FORT SMITH, Ark. (AP)—A suit charging the Springdale Police Department with "deliberate harassment" of Gene Davis, a Springdale contractor, has been refiled in Federal District Court at Fort Smith.

The suit asks for \$500,000 in damages and names Springdale officials and policemen as defendants.

Davis' attorneys asked Federal Judge Paul X. Williams of Fort Smith for a continuance of the suit earlier this month but he denied the request.

The Viet Cong's terror campaign against Saigon and its suburbs is continuing despite heavy losses suffered by the Communists. Hardest hit have been the areas of Phu Lam, a new and moderately prosperous middle-class suburb; Gia Dinh, Saigon's principal suburb; and the rice paddies beyond the Phu Tho race track, scene of earlier bloody fighting during the Tet offensive last January and February. Most observers of the Saigon fighting agree the enemy's losses have been high, much larger than in some major field battles.

## Defenders of Saigon Kill 93 Viet Cong

By ROBERT D. OHMAN  
Associated Press Writer  
SAIGON (AP) — U.S. infantrymen patrolling Saigon's outer defense ring killed 93 Viet Cong and seized 33 suspects in four clashes south and north of the capital, the U.S. Command reported today.

Inside the city and its suburbs, it was the quietest day since the Communist command launched its "second wave" offensive on May 5.

No ground action was reported. The biggest battle in the ring around Saigon was fought by soldiers of the U.S. 25th Infantry Division who killed at least 44 Viet Cong Wednesday around a helicopter landing zone 12 miles north of the capital.

The action broke out at 11 a.m. when helicopter landed a company of American infantrymen, trying to intercept enemy units, landed in a landing zone surrounded by Viet Cong. While the outnumbered Americans fought for their lives, helicopter gunships raked the enemy. Both sides moved up reinforcements but the 25th Division won the race, landing another 300 men at 2:30 p.m.

The battle continued until after midnight, then the Viet Cong pulled out and left bloody trails behind. U.S. losses were 15 killed and 14 wounded.

## Here's What Office Working Ladies Say During Their Luncheon

By HAL BOYLE  
NEW YORK (AP) — It was an ordinary luncheon meeting for the office working ladies at their nearby quick service grill and beanyery, the "In-and-Out Club."

"They were hen-pecking their problems as usual. A curious male bystander heard these typical examples of current female prose in the industrial arena: 'I would rather stay single forever than marry any of the available jerks in my place.' 'He isn't a bad guy to work for if you don't mind spending eight hours a day with a person who wears a clip-on 75-cent bow tie and whose mind falls apart at 9:02 a.m.'"

"I would describe him as an employer who is just finding out he is tied alive to a wife he doesn't want to be found dead with."

"When he uses a word I don't understand, I simply cross my legs—and he starts the sentence all over again."

"His basic problem is that his

## U.S. Convinced Cong Peace Envoy Thinks It Can Force Concessions

By WILLIAM L. RYAN  
AP Special Correspondent  
The U.S. delegation at the Vietnam talks in Paris is facing a tough, uphill struggle as it tries to convince North Vietnamese leaders that they are misreading American and world opinion.

If it succeeds at all, the delegation may be at the job for the rest of the summer.

The Americans appear convinced that the major reason for the deadlock is that North Vietnam expects in the long run to win a propaganda victory which it hopes will force the United States into making a major concession.

North Vietnamese leaders, say the Americans, see it this way: The United States has gone part of the way toward ending bombing and acts of war against North Vietnamese territory, so why not go the rest of the way and then see what happens?

The United States, as of now, does not intend to do this without some reliable assurance that North Vietnam will do something in return toward de-escalating the war in the South.

One reason why week-long recesses have been agreed to, the Americans say, is that the Hanoi delegation must check back

## Progress in Peace Talks Indicated

WASHINGTON (AP) — Secretary of Defense Clark M. Clifford said today there is "some movement" in the apparently stalemated Paris peace talks between the United States and North Vietnam.

He acknowledged the signs of progress may be slight, but said that "I believe that both sides are there to try to arrange an ultimate disposition to the conflict."

The defense secretary reported, at the same time, that the North Vietnamese are pumping in replacements for men lost in combat in South Vietnam at a high level while the talks are going on.

Reporting at a news conference, he said that infiltration in May is estimated to have totaled about 29,000 men from North Vietnam into South Vietnam.

This is about double the figures used by Gen. William C. Westmoreland for infiltration in April.

Clifford said about 26,000 of these May infiltrators were believed to be replacements for men who have fallen in battle. He projected a probably North Vietnamese infiltration of 20,000 men a month in June, July and August.

The defense secretary, in his second full-dress news conference since taking office March 1, said casualties on both sides have gone up as a result of the enemy's "determination to increase the level of combat."

## Ashdown Group Applies for Bank Charter

LITTLE ROCK (AP) — Applications for state charters for new banks at Bentonville, Ashdown and Flippin were filed Wednesday by three groups.

The proposed Citizens Bank of Bentonville would have a capital of \$150,000, surplus of \$150,000 and undivided profits of \$100,000. The proposed Empire Bank and Trust Co., at Flippin would be capitalized at \$120,000 with a \$120,000 surplus and \$60,000 undivided profits. The Bank of Ashdown would have a capital of \$150,000, a surplus of \$150,000 and undivided profits of \$75,000.

## Casualties in Vietnam War Drop

SAIGON (AP) — Both allied and Communist combat casualties dropped last week during a general slackening of fighting in South Vietnam, the U.S. and South Vietnamese military commands reported today.

U.S. headquarters said 324 Americans were killed in the week ending last Saturday, 56 less than the previous week and the lowest count since 302 were killed in the week ending April 27.

The headquarters said 2,325 Americans were wounded last week, compared with 2,739 in the previous week. Of the total last week, 1,247 required hospitalization.

The U.S. Command reported 1,613 Viet Cong and North Vietnamese were killed last week, or about half as many as the 3,176 enemy soldiers reported killed in the previous week.

South Vietnamese headquarters reported 286 government troops killed and 1,189 wounded last week, compared with 392 killed and 1,156 wounded a week earlier.

## G & S Supplies Pulpwood to Paper Mill

G & S Wood Company, Hope, Arkansas, has been appointed as a pulpwood supplier for the new Ashdown, Arkansas, pulp-paper mill of Nekoosa-Edwards Paper Company, it was announced by A. L. C. Nelson, manager of wood procurement for the \$46 million complex.

Ansel Gilbert, head of the new company, indicates he is interested in sources of supply within a 30 mile radius of Hope. Shipments will be by truck directly to the Ashdown mill. Mr. Gilbert intends to employ about 20 persons, but indicates he is still in need of truck drivers and operators of power saws and other equipment.

Information as to specifications and other details of wood procurement may be obtained from the main office at G & S Manufacturing Company, Inc., West Avenue B, Hope, Arkansas, or by calling area code 501-777-6417.

G & S Wood Company is one of 13 wood suppliers in Arkansas, Texas, and Oklahoma recently appointed by Nekoosa-Edwards to supply the bulk of the mill's annual requirement of approximately 261,000 cords of soft and hard wood. Total wood purchases in the tri-state area will amount to between \$4 million and \$5 million a year, company officials estimate. The new mill, scheduled for start-up by August 1, will produce at an annual rate of 140,000 tons of bleached kraft pulp and 65,000 tons of fine papers for printing and business communications.

## Will Limit Post Graduate Deferrals

LITTLE ROCK (AP) — Deferrals for students doing graduate work in colleges or universities will soon be limited to those studying in specific areas according to Col. Willard A. Hawkins.

Hawkins, director of the state Selective Service, said Wednesday that it had been noted by the National Security Council that deferments for students other than those preparing to become doctors of medicine, dentists, veterinarians, osteopaths or optometrists were not in the national interest.

He also said that students taking a four-year course of instruction are expected to earn one-fourth of their degree requirements in each academic year.

## Now Drive Starts in Congress to Ban Sale of Rifles, Shotguns

By JOHN BECKLER  
Associated Press Writer  
WASHINGTON (AP) — A strict ban on mail order sales of rifles and shotguns was approved today by the House Judiciary Committee.

The vote came just a half day after President Johnson signed into law a similar prohibition dealing with pistols and revolvers, and called for tighter restrictions over the sale of firearms.

The Senate Judiciary Committee also was scheduled to act today on legislation to ban shotgun and rifle sales by mail.

The bill approved by the House Judiciary Committee by

## Marchers Vow to Stay in Capital

By AUSTIN SCOTT  
Associated Press Writer  
WASHINGTON (AP) — By the yardsticks of the men who planned it, the 1968 march on Washington was a triumphant show of support for the Poor People's Campaign.

With little more than 10 days in which to organize "Solidarity Day," leaders Wednesday brought out an outpouring of black and white Americans, estimated by Washington police at 50,000, to surge around the foot of the Lincoln Memorial.

The crowd stood in the sunshine and heard campaign chief the Rev. Ralph David Abernathy vow to keep Resurrection City, the Shantytown set up to house the Poor People demonstrators, in Washington with or without the government permit that expires Sunday night.

"Some of you may go home," Abernathy roared to the approval of the crowd, "but the rest of us are staying here, ready to go to jail."

The marchers, 10,000 more than campaign leader's predicted, representing all ages, races and creeds, were orderly and peaceful. There proved to be no need for most of the 4,300 police and National Guardsmen detailed throughout the city.

It was the second time in five years that tens of thousands of Americans marched on the nation's capital to back up demands that the government end what they considered a fundamental injustice.

In 1963, when the late Dr. Martin Luther King Jr. made his famous "I have a dream" speech, the issue was segregation, and three months of planning brought 200,000 people to stand along the banks of the Lincoln Memorial Reflecting Pool.

Wednesday the issue was different. See MARCHERS (on page two)

a 29-6 vote would also prohibit the sale of rifles and shotguns to anyone living outside the state where the sale is made, or to anyone under 18.

House leaders have promised speedy action on the committee-approved bill, which can probably be brought to a vote next week.

The Senate had knocked out of the crime bill a similar prohibition.

## Magnolia Man Seeks Post

LITTLE ROCK (AP) — W.D. McKay of Magnolia filed Wednesday for a delegate's position to the proposed constitutional convention. McKay, a attorney, filed for Pos. 1 in District 39 which is Columbia and Lafayette counties.

He announced that after July 31 no member of the armed forces in the United States "will be authorized to enter into a new lease or rental arrangement at an apartment or trailer court near his base if the owner follows a discriminatory policy in leasing to servicemen."

He made it plain he was basing his move on the new civil rights law making housing discrimination illegal and on Monday's Supreme Court decision which he said "gave us an added means to end housing discrimination against any serviceman—and to end it promptly."

In a parallel action, Clifford said he is ordering establishment of procedures "as quickly as possible to make legal advice available to any serviceman who experiences housing discrimination."

"This help will include counseling him, if he so wishes, on his right to bring a lawsuit against a discriminatory landlord under the 1866 law upheld this week by the Supreme Court," Clifford's statement said.

At a news conference, the defense secretary said the ban will not apply to single family units. His action goes well beyond moves initiated a year ago by then-Secretary of Defense Robert S. McNamara, who tried persuasion and invoked the ban in relatively few areas.

## New Pattern Emerging in Peace Talks

By JOTN M. HIGHTOWER  
AP Special Correspondent  
PARIS (AP) — Despite the barrage of charges which the United States and North Vietnam exchange in their Paris talks, a new pattern of contact is emerging—a pattern that could lead to serious negotiations to end the war.

This appears to be the most encouraging development in the discussions, which began almost six weeks ago and have registered no progress toward scaling down the fighting.

The pattern became clear Wednesday when 40 minutes of a meeting that lasted less than four hours were devoted to a recess during which the two top members of each delegation talked privately and informally.

In this conversation were W. Averell Harriman and Cyrus R. Vance for the United States and Xuan Thuy and Le Duc Tho for North Vietnam. Their conversation was described as amiable but what they said was not disclosed.

The precedent of a recess for refreshments was set several weeks ago by a short break of about 15 minutes. Wednesday if clearly attained the proportions of something more than a brief respite from the formal talks.

U.S. officials hope the practice will lead to regular private discussions. William J. Jordan, the U.S. press spokesman, told newsmen: "Our feeling for some time has been that private talks are a better way of dealing with the tough issues."

The ninth session ended with an agreement between Harriman and Thuy to meet regularly each Wednesday and additionally as necessary.

Hearnberger was treated at a Prescott hospital for injuries and released. Ogden escaped injury. No charges have been filed.

## Military Acts to Enforce Housing Ruling

WASHINGTON (AP) — Secretary of Defense Clark M. Clifford said today he is extending to all parts of the nation the Pentagon's ban against servicemen renting apartments or trailer courts whose owners practice discrimination.

He announced that after July 31 no member of the armed forces in the United States "will be authorized to enter into a new lease or rental arrangement at an apartment or trailer court near his base if the owner follows a discriminatory policy in leasing to servicemen."
